

CGR - Tools for the Reloader

CGR Universal CARD Punch

CGR Universal Card Punch. Made very strong for punching over-powder or overshot cards up to 3mm thick. It comes complete with one cutting blade of your choice. Punch blades lock into the hollow body which has a detachable strike anvil. The hollow handle holds around 50 cards depending upon the thickness. Always punch onto a soft surface, as the cutting edge is brittle and may otherwise chip. Cutting blades are available in gauges 32, 28, 24, 20, 16, 10, 8, & 4 bore in 1".

ACCS20 CGR Universal Card Punch £22.50 dc. £4.75
ACCS21 Cutting blades .410 to 8ga [No more 12ga left]
 £12.00 ea. dc £1.50

CGR DeLoad Tool

CGR 'DELOAD' Tool is for dismantling faulty or incorrectly loaded cases. It can also be used to trim cases and shorten them, or remove a crimp closure so a case can be rolled. It accepts gauges from .410 to 10 gauge, and will cut plastic or paper cases as they have adjustable height cutting blade. By setting the case wall cutting depth you do not cut and destroy the shot cup of the wad.

ACCS13 CGR DELOAD £17.50 p&p £3.00

Primer Decap Tools

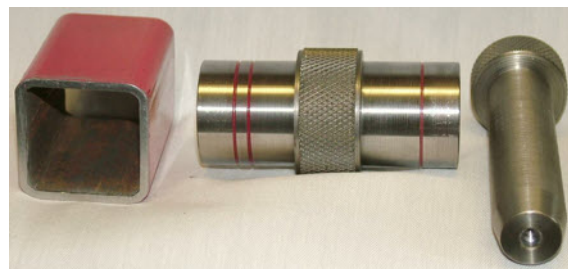

Primer decap tools are available in .410 gauges ONLY. The .410 has a single base holder with primer punch.
